The Amazing Ancestral Race

STRIP MODERN DAY MANKIND OF TECHNOLOGY AND CONVENIENCES, HOW WILL THEY COPE?

The Amazing Ancestral Race introduces the teams to an array of skills that were commonly used by the BaTwa Bushmen people in order for them to survive. Some of these skills are demonstrated and practised through the planning and execution of activities such as:

- Let there be "light and warmth" - the art of traditional fire making - SURVIVAL
- Rock carvings/paintings (Petroglyphics) - COMMUNICATION OF INFORMATION / HISTORY
- Making traditional darts using only items found in nature, such as porcupine quills, tree gum and guinea fowl feathers - TARGETING THEIR CONSUMERS
- Hunting with Blow Pipes using their traditional darts - STRATEGY

- Grinding stones – the skill of milling - PRODUCTIVITY
- Design and build a basic model shelter using natural resources to protect your tribe against the elements. Briefly describe the reasoning behind your design
- Orienteering - enabled the hunter and gatherers to locate food and water, to ensure their tribes prosperity
