Welcomes You To

TUSC

TUSC

Teams will need to :

- Bond Together (On a Personal & Team Basis)

- Plan & Strategise their Story

- Communicate and Work (Smart)

- Establish Skills & Strengths in Team

- Be Prepared to Have 'Fun'

TUSC

- Orientate yourselves using compass coordinates

- Launch team rocket and ensure their safety & survival

- Design and make your own natural darts. Shoot and secure a food source for your team

- Find & phone shoot the cat to ensure the teams safety

- Make a Fire (Only use what is provided, flint, balloon etc.)

Scores

Teams will be judged on the following:

- Each Team is given 5000 Life Credits

- There are Four tasks & each one represents 1000 credits

- Completing each challenge within a specified time period

- Teamwork and working smart

- Enthusiasm & 'FUN'

Teams

TUSC

- The people of earth are threatened by a large meteorite, which could destroy the earth, as we know it. Ending all life.

- The challenge is for the team to assemble & launch their rocket and ensure that it's coordinates falls within the gravitational circle, pull of the new planet. (Over shooting their destination will incur certain death for all)

- All team members are to participate & contribute Towards their survival.

TUSC

- The team must design their own darts, using natures natural resources, found in the surrounding area (Bird feathers, tree thorns, porcupine quills etc)

- They will modify the darts, so that they may shoot from a blowpipe. The objective is to shoot the picture of the Impala and secure vital food sustenance for the teams survival.

- NB!! We do not promote the shooting of animals

We do not promote the shooting of animals. 20% of picture proceeds goes towards nature Conservation

TUSC

We do not promote the shooting of animals. 20% of picture proceeds goes towards nature Conservation

TUSC

- The teams are given strategic compass coordinates to find and hunt the wild dangerous cats & animals. This will eliminate the immediate threat and ensure their survival.

- The team must find these animals and shoot them with their phones..

- Failure to do so, will result in the team loosing life credits.

TUSC

TUSC

- The teams must start a fire & sustain it, using the basic resources given and obtained from nature.

- The team that starts the fire first, will be given bonus life credits.

TUSC

- Outplay
- Outwit
- Outlast

- Survive

Good Luck!!
